PROFILE

Versatile ICT officer with over 5 years of experience managing technical infrastructure, web platforms, and financial operations. Currently specialized in bridging ICT management with Cybersecurity, with hands-on experience in AWS Quick Sight data visualization. Proactively upskilling through the Cyber Shujaa program to transition into a dedicated Cybersecurity role, leveraging a strong background in risk assessment, network administration, and legal compliance.

PROFESSIONAL EXPERIENCE

EXPERIENCE

Hakki Africa Limited | ICT Manager & Legal Liaison

May 2025 – Present

- Architected real-time BI dashboards using AWS Quick Sight, improving executive decision-making speed by 25%.
- Proactively monitors organizational networks through Administration Consoles to neutralize security threats.
- Established a Security Awareness Training program focusing on data protection and social engineering defense.
- Manages ICT infrastructure, ensuring 99.9% system uptime and reliable backup scalability.

Hakki Africa Limited | Team Leader – Collections

Jan 2024– April 2024

- Supervised the collections team to achieve recovery targets through data-driven reduction strategies.
- Successfully trained 4 staff members on their new roles.

Hakki Africa Limited | Account Manager

July 2023-Jan 2024

- Managed high-priority loan recovery, proactively resolving client issues and negotiating sustainable repayment plans.
- Served as the lead point of contact, building long-lasting client relationships and ensuring successful solution delivery.

Jijenge Credit Limited | Credit Officer / Tracking system Head

May 2020 – Jan 2022

- Managed a digital GPS records tracking system that reduced inventory losses.
- Aggressively recruited new clients to expand the loan portfolio, conducting thorough due diligence and risk assessment.
- Influenced a website update that successfully boosted sales performance by 50%

LANGUAGES

- English
- Kiswahili

HOBBIES

- Traveling
- Reading books
- Hiking

Maybelline New-York /Loreal | Brand Ambassador
Dec 2018-April 2020

- Brand Representation: Embody the brand's image and values in all interactions, ensuring a professional and enthusiastic presence at all times.
- Consumer Engagement: Proactively engage with potential customers to build rapport and demonstrate product benefits, particularly focusing on "value-added outcomes" for their beauty routines.
- Product Expertise: Maintain an in-depth understanding of the Maybelline/L'Oréal product portfolio, including new launches, technical formulas, and application techniques.
- Sales & Lead Generation: Work toward specific sales targets by converting interest into purchases

PROJECTS

- **AWS Quick Sight BI Deployment (2025):** Integrated cloud data sources into interactive dashboards to track growth.

- **Designed** a professional car sales website using **Wix** to streamline the digital customer journey.

- **Built** a custom **Loan Simulator** for clients, allowing for real-time repayment calculations and increasing conversion of cold leads into recruited clients-
